ETAILED ACTION

Reissue Applications

The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.

The supplemental oath and declaration filed on 12/6/04 is improper because no original oath and declaration was submitted in this reissue. Further, this oath and declaration does not comply with the requirement of 3.37(b) statement. See CFR 1.63(b)(2) and 1.63(b)(3).

The reissue oath/declaration filed with this application is defective because it fails to contain a statement that all errors which are being corrected in the reissue application up to the time of filing of the oath/declaration arose without any deceptive intention on the part of the applicant. See 37 CFR 1.175 and MPEP § 1414.

Specification

The disclosure is objected to because of the following informalities:

-the specification filed on 10/08/03 is improper because it is not in double column format.

-the specification filed on 10/8/03 is improper because the deleted text is not in brackets.

Art Unit: 2824

-the applicant has improperly copy claims 1-33 verbatim from the first reissue and has failed to change the scope as required in this reissue application.

Appropriate correction is required.

No art rejection is applied at this time to the claims due to the deficiencies as stated above.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Son T. Dinh whose telephone number is 571-272-1868. The examiner can normally be reached on Monday to Friday 8am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Elms can be reached on 571-272-1869. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
